USING YOUR ITM TEACHERS' ASSOCIATION WEBSITE ACCOUNT

Your Profile, Account, Forum Posts and Settings are in a dropdown list from the top right. You can update your 'Profile' page with info about yourself and photos, see your forum activities in 'Posts' and 'Comments', and amend your account 'Settings'.

Tip: When you edit your Account and Profile info save the changes by clicking the 'Update Info' button (see below). Some edits (mainly photos and images) will only show up on your profile once you refresh the page.
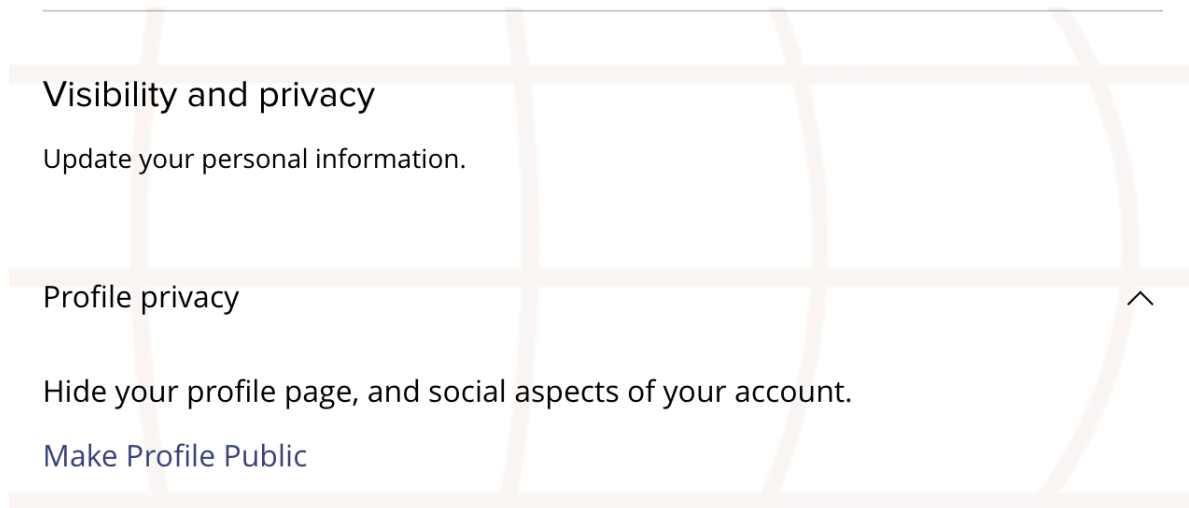

'My Account'

Your 'Account' is automatically set as 'Private'. Meaning your profile page can not yet be seen by other members, and you can not yet access the social aspects of the site, until you make your profile 'Public'.

Note: "Public" just refers to ALL TA MEMBERS, not the general public. This site is for TA members only.

To change from 'Private' to 'Public' go to 'My Account' and scroll down to 'Profile Privacy'.

Choose 'Make Profile Public' to allow other members to see you profile page:

Email Notification Settings:

You are automatically 'Unsubscribed' to any email updates from the forum.
You can choose what you do and don't want to get notified about in your account 'Settings' section. If you want to receive updates click to 'Subscribe Now' and then choose from the list below what you would like to keep up to date with.

Note - these updates are referred to as 'Marketing Emails' on the system, we can not legally change this phrase as you are essentially subscribing to automatic emails from ITMTA - but please be assured you will not receive any sales marketing emails, only updates from the forum activities.
